What our customers say

I first bought this water because it's well priced, and since then I've loved it and bought it every single time! It's a beautifully soft water to drink.

Chantal * (Customer) ★★★★★**

This water has quickly grown to our top two best selling waters. Common feedback from our customers is that this is one of the best tasting waters on the market.

FASTEST GROWING WATER BRAND 2022

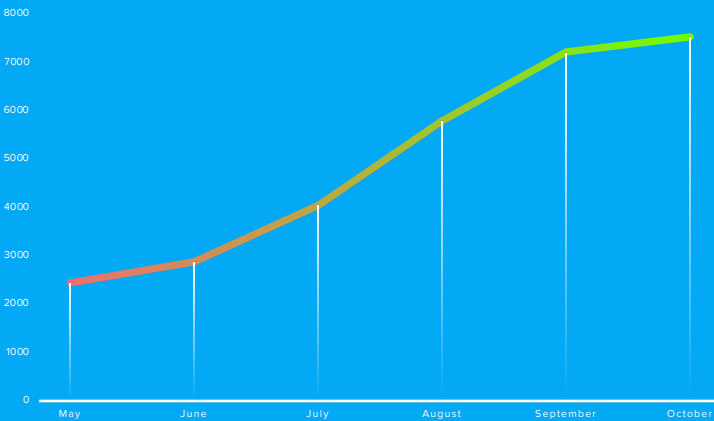

Prl Aqa pure drinking water is rich in minerals. Sourced from deep underground we offer nature's most precious gift.

Situated in amidst one of the main tributaries where we are blessed with an amazingly balanced pH all year round.

Our water is only filtered after which we fill our natural goodness into a bottle that will go straight to the consumer.

We believe in the mineral purities of our water.
